**2026 Charter** - Remains the same  
Motion to Approve Fry 2nd Schwartz

**Roster Approval**- Waiting for approval from the State

**ICS 208**- Approved and on the website. Marcus will look at notifying NIIMS of the change.

**Project Update:**

**HZSO** update board kicked back for a cost estimate. Chief Roberts completed and resubmitted

**Foam Tender Update:** Lowering capacities to meet NIIMS, Need to finish sections on small scale and expanding incidents

**MEL Compliance ADA Update:** Cody Chem showed the progress on the MEL compliance update currently on section 3. Reworded the Last sentence in the objectives section to clean up the language rewarding the adoption process.

WE looked at the restructured Paragraph relating to the Chemical Protective Clothing to include the language to include NFPA 1990. Fahlon provided a list of recommended Pull tubes to be included on the list for the MEL. They will bring a full list to the next meeting.

**Lithium Battery FRO Train the Trainer update:** Working through the final approvals at CSTI. Also we are looking at making it a SFT course as well.

**Lithium Battery AD HOC Update;** Working on completing the OSD and tactical worksheets.
