December 4, 2014

Called to order: 0915 CHUCK TOBIAS

Update from Chuck Butler: FIRESCOPE FOG targeted to publish by July 2015 with High Rise section to be completed by February. FIRESCOPE Taskforce updates to: Structure Fire, MAC’s documents, numbering systems, HazMat positions. OES is working on the app development for the FOG. Looking to have it completed at the beginning of 2015. OES is still determining if hard copies will continue to be published once the App is developed along with eBook. 2015 may be the last hard copy. Looking at a “Rapid Extraction Module” for Fire Fighter rescues; utilizing LARRO trained personnel; working on Position Descriptions, RESM as the ROSS designation, etc.

Reminder: All members will need updated Agency support letters for 2015.
