2. Dick Perry gave a brief overview of Task Force operational policies and protocol and the Decision Process.
3. Gary Ross reviewed the TOP HAT Exercise. Gary requested that every Task Force member who observed any part of the exercise put his comments in writing and submit to T. Haney by Monday May 3 (next Task Force meeting).
4. Terry Haney reviewed the new Demob Position Manual, ICS 221-6, (draft). Terry needs all comments by June 1.
5. Terry presented for information purposes a draft on building the ICS Organization that he prepared for Fire Tip. This draft provides more detail on Unified Command and the use of the ICS by small organizations.
6. Gary Ross presented a draft of a Letter of Commendation for instructors in the yearly ICS Training. The draft was modified and will be sent to the OPS Team meeting May 17.
7. Southern California Training Group Concept - We will send Terry Haney's paper to OPS Team as informational copy. Gary Ross will provide a brief cover letter.
8. Jerry Monesmith reported on the OPS Team Meeting agenda for May 17 and the Board of Director's Meeting meeting agenda.
9. The Task Force reviewed the Resource Unit Position Manual 4-1-82.

10. The Task Force reviewed current RESTAT program following serious problems encountered during TOP HAT. Jerry Cook advised that the capacity of the current disc precludes more than five users manipulating the data base simultaneously. The Task Force will develop a manual RESTAT Input and Update system to be used during Fire Season 1982.

11. Next meeting:

May 3, 1982 at 0900
Los Angeles County Fire Headquarters
Eastern Avenue - Operations Office

Agenda:

1. Review and approve minutes.
2. Discuss manual RESTAT procedures.
3. TOP HAT Exercise comments to Terry Haney.
4. Resource Designator ad-hoc committee.
5. Multi-agency ICS Training schedule.
