

TASK FORCE MEETING #83-16  
LOS ANGELES FIRE DEPT. STATION #88  
AUGUST 10, 1983

Attending: C. Anderson, OES, Chairman  
C. Creasey, LFD  
K. Hammond, VNC  
M. Barrows, USFS  
D. Castleman, CDF

Absent: A. Moncrief, LAC  
H. McElwee, SBC

Guests: M. Scherr, OES

1. Minutes of Task Force Meeting #83-15 approved as mailed.
  2. New Business
    - A. Training Specialist Group Charter
  3. Set Agenda Priorities:
    - A. Update Resource Typing
    - B. Final Review - Task Force Plan of Work  
Letter to Ops Team
    - C. Form 209 List of Incidents Types
    - D. Operations Team Agenda - Scherr
    - E. Documents - Scherr
- 2.A. M. Barrows presented U.S.F.S. Training Specialist Group Charter recommendation for Task Force review. No action taken.
- 3.A. Resource Typing update postponed to next meeting.

3.B. Discussion of Task Force Plan of Work as submitted by M. Barrows showing disposition of items was made. List was approved and will be submitted to Ops Team with cover letter.

3.C. M. Scherr presented paper on Form 209 Classification of Incident Types. Discussion by Task Force ensued. Problems encountered with definitions. M. Scherr emphasized that this paper was intended to be a very preliminary draft for review and development. Question requiring consideration is if 209 can be used as "all risk" or are additional forms needed. Agreed to continue this item at our next regular meeting with further input from M. Scherr.

Operations Team Agenda items were reviewed with M. Scherr by Task Force.

3.E. M. Scherr presented two forms, ICS 207A (Organization Chart) and ICS 215A (Operational Planning Worksheet), which requires specialized handling because of their size. Costs and problems with these were identified as being excessive and the question posed for direction was as to agency needs. M. Scherr will handle.

Note: It was the consensus of the Task Force that the next scheduled Task Force Meeting August 22 and 23, 1983 be cancelled due to lack of an active agenda.

Next Meeting Agenda:

Ops Team Meeting Review  
Incident Type Classification (205)

Next Meeting:
