- Mike Dougherty distributed copies of the Multi-Casualty Lesson Plans, OSD, and position manuals for final review.
- Discussion on Ground Ambulance Coordinator's duties as they relate to Ambulance Management. There was concern with describing duties as Staging Area Manager and referring to Ambulance Mobilization point as Ambulance Staging area. The decision was to leave as is, for now, and finish the review.
- Mike Scherr agreed to review all Multi-Casualty documents to make sure they are grammatically correct.
- All Task Force members are to review Multi-Casualty documents through their departments and make sure all i's are dotted and t's are crossed. Any changes are to be back to Mike Scherr by January 10, 1992.
- Discussed format of the final Multi-Casualty package. It will probably be packaged in two binders, one containing the OSD and position manuals, and the second all training materials.
