I. NWCG ICS WT

Morana Training Courses - California alternatives; geographic and agencies priorities; national team qualifications

Training Curriculum - skills classes in ICS classes, too many classes, merge or eliminate classes, "I" courses should remain generic

"Performance based" preferred over "Training based", concern about abuse, challenge the course.

Wildfire issue

520 required to be on National Team.

Validate work objectives - California already done that training WT wants to do. 2,000 items for instructional check lists

lone Admin Dan Francis

"Ripple Effect" of changing lower level core class.

All subsequent courses could be impacted.

Any change in an "I" course must be submitted for National review.

Security Manager position in organization - recommend no change.

II. Reviewed draft letter to NFPA re 1561

Discussed recommended changed.
