FIRESCOPE  
Task Force Meeting  
January 22, 1982  
LAC Headquarters  
Number 3

Attendance:

G. Ross, CDF  
R. Creel, LAC  
M. Barrows, USFS  
B. Mazzocco, LAC  
J. Monsemith, FPO  
Terry Haney, TEMJAM

Absent

C. Creasey, LFD  
C. Anderson, OES  
Dick Perry, VNC  
D. Marshall, SBC

1. The Task Force reviewed the art work on the ICS Forms 204, 203, and 211, revised and approved on January 12, 1982. These forms will be given to OES by Marty Barrows so that the Resources Unit Manual can be completed.
2. Page 3-4, Item E of the Resources Unit Position Manual has an additional paragraph to explain the use of resource kinds and types for single resources or using the bumper number/radio call number as per the old system. The statement to be added to the manual will basically state that this procedure will be optional. The paragraph will be sent out to the Task Force on electronic mail for review.
3. The Task Force discussed priorities for including ICS documents into word processing. Terry Haney will bring a proposed list to the next Task Force meeting. Jerry Cook said that it would cost approximately \$1,000 per month.
4. Robert Vickers is the Region 9 Director for FEMA. The Federal Budget doesn't show any money for FEMA Management.
5. There was a 50 percent reduction in budget for the National Weather Service. FIRE ADM.
6. The ICS Form 213 was discussed briefly. Roger Land needs a supportive letter for OES to get this ICS document printed instead of using the State Mini-Memo form. This will be discussed at the February 9 & 10 meeting.
7. The USFS Program Office budget will be sent to Task Force members on electronic mail for review.
8. Terry Haney discussed his work on the OCC/SSM organization, OSD, and checklists. The Task Force directed Terry Haney to work with Roger Land, SSM, to develop OCC Operational Procedures and bring draft documents through the decision process.

9. Marty Barrows's new phone number is (714) 351-6512 and FTS 796-6512.

10. The Task Force worked on OCC Exercise Development for the remainder of the day.

*for*   
Gary Ross  
Task Force Chairman
