**Symbology Issue Paper** – Rich has symbology image updates done and is working on writing the Issue Paper – but he is now in Cabo enjoying himself.

**All Hazard IMT Training** – John S. – submitted GSTOP, Type III All Hazards team is a big issue in San Diego. The team went to Indiana training center to participate in training exercises under different simulated scenarios. No GIS people were then to be part of the training. John has a very long list of symbology that should be included in a GSTOP like document.

Remote Sensing Directions Magazine on indoor mapping - Dead Reckoning for Indoor Mapping and other LBS News - <http://www.directionsmag.com/channels/remote-sensing/blogs/dead-reckoning-for-indoor-mapping-and-other-lbs-news/280247>

**Fall Meeting Attendance** – Dave – what is the status for attending the F2F meeting for CAL FIRE members? Mark R. has been working on his end to get approval. Chris Waters is also working on this. Lorri will stir the pot on this and loop back with Mark H. about this.

**Fall Meeting** – Agenda planning – brain storming ideas for the upcoming meeting.

Chair Transition

Vice-Chair Elections

Issue Papers –

All Hazards – Kris and Lorri have not had a chance to meet on this. Still outstanding.

GSTOP Update

Symbology – Mark would like this wrapped by the end of this calendar year.

Open Source

Mobile technologies and communication –

Trimble – has offered to do a presentation on Mobile Technologies

Need to look into foundational pieces for this.

2011 After Action Review – comments & input from field GISS – what about doing a Survey for this?

Lorri will try setting up a survey for this. Leaving open a space for commentary.

GISS Hard Drive –

Contract computers -

Plotter testing –

Training – Intermediate class, GISS Lead Workshop, recommended classes to take

Lack of Internet Connections – Indiana had limited access, struggles,

could have Mike Byrnes – GIO FCC present on what FCC is doing.

Mark Rosenberg – suggested that the COMS folks join us for a joint meeting and present what they are doing for Internet access.

Trailers & Local networks

Lat/Long formats – this should be in the GSTOP document. USNG
